**Storyteller \* Educator \* Workshop Leader**

**A professional storyteller for nearly twenty years, Ellouise Schoettler was reared in NC listening to her family spin tales about each other on the front porch. Today Ellouise creates a new Front Porch experience where entertainment meets [Cultural Preservation](#), and awakens her audiences to the importance of their own personal and family stories.**

**Ellouise's surprising combinations of original tales, traditional stories and history give voice to the uncommon experience of ordinary men and women throughout American history.**

**Voices that would otherwise never be heard become stories audiences remember.**
